

23200 Turbo Lift

Any Room

About the 23200 Lift

- Durable Steel Construction with 24 V Motor makes operation quiet and reliable
- Single actuator in fully closed system reduces wear and tear, enhances safe operation, and keeps the lift clean and free of dirt and debris
- Universal Quick Connect—installation is uncomplicated and takes 10 minutes. Hardware kit included has bolts and screws and is compatible with all flat screen TVs
- Unique locking mechanism fastens TV to Quick Connect bracket for safety and security
- RF wireless remote, wired handset, or IR Remote
- Expandable mesh cable management system standard
- Lift raises quickly to the full height of 67" in less than 40 seconds
- Holds televisions up to 110 lbs, with a lift capacity of 133 lbs
